Movahedi Solutions is the operating name of 1000823315 ONTARIO INC., based in Mississauga, Ontario, Canada.

About the company

Movahedi Solutions is an independent privacy and AI governance consultancy based in Mississauga, Ontario. We help organizations map their AI and agent use, assess readiness for the EU AI Act, build custom AI governance frameworks, and assess risk. We also provide privacy advisory, Law 25 compliance support, and knowledge-base design and build.

Prior employment of the founder includes The Globe and Mail and TELUS.

Services

1. Mapping AI and agent use: mapping where AI and agent systems are used in an organization, and what data and decisions those systems touch.
2. EU AI Act readiness assessment: assessing readiness for the EU AI Act against the requirements that apply to the organization.
3. Custom AI governance frameworks: building AI governance frameworks fitted to the organization, rather than a single fixed template.
4. Risk assessment: assessing risk arising from AI and agent use, and from privacy practice, and setting out findings in writing.
5. Privacy advisory: advisory support on privacy practice, obligations, and decisions.
6. Law 25 compliance support: support for compliance with Quebec Law 25, including the work needed to meet its requirements.
7. Knowledge-base design and build: designing and building knowledge bases that hold governance, privacy, and related reference material in usable form.

How engagements are agreed

Scope for an engagement is agreed in writing before work starts. The terms that govern an engagement are set out in the Terms of Engagement and in the written agreement for that engagement.
