This page gives pre-filled answers to the security questions buyers ask most often. Each answer is limited to what Movahedi Solutions publishes in this Trust Center set. Where no published fact covers a point, this page says so instead of filling the gap.

A note on dates: the third-party header scan cited below is timestamped October 28, 2026, 00:59 UTC. That is October 27, 2026, 8:59 p.m. Toronto time, so it falls on the date of this page in Toronto time. No evidence has been backdated.

1. Who are you?

1000823315 ONTARIO INC., operating as Movahedi Solutions, is an independent privacy and AI governance consultancy based in Mississauga, Ontario, Canada.

Evidence link: none published in this page set for legal identity. A public profile listing is available

here: Movahedi Solutions on Clutch (https://clutch.co/profile/movahedi) (0 reviews, no rating claimed)

2. What do you do?

Movahedi Solutions provides these services:

1. AI and agent inventories
2. EU AI Act readiness assessments
3. Custom AI governance frameworks
4. Risk assessments
5. Privacy advisory
6. Law 25 compliance support
7. Knowledge-base design and build

Evidence link: none published in this page set for the service list beyond this page.

3. How do you protect client information?

Client information is used only for its engagement. Access is limited. Client material is removed at the end of the engagement, and is returned or deleted on client instruction.

No encryption standard, retention period, or other control is stated in this page. No such claim is made here.

Evidence link: none published in this page set for this answer beyond this page.

4. How is your website protected?

The public site is served over HTTPS through Cloudflare.

A third-party header scan gave this result:

- Grade: A+
- Site scanned: https://movahedi.ca
- Scan date and time: October 28, 2026, 00:59 UTC (October 27, 2026, 8:59 p.m. Toronto time)
- Scan link: Security Headers scan for movahedi.ca (https://securityheaders.com/?q=https://movahedi.ca&followRedirects=on)

That result is labelled exactly as a third-party header scan. It is not a penetration test. It is not presented here as a penetration test, a vulnerability assessment, or an audit.

Evidence: Security Headers scan for movahedi.ca (https://securityheaders.com/?q=https://movahedi.ca&followRedirects=on)

5. What independent assurance do you publish?

The independent, third-party items published in this Trust Center set are:

- The third-party header scan in Question 4: Security Headers scan for movahedi.ca (https://securityheaders.com/?q=https://movahedi.ca&followRedirects=on)
- The public profile listing: Movahedi Solutions on Clutch (https://clutch.co/profile/movahedi) (0 reviews, no rating claimed)
- The public review page: Movahedi Solutions on Trustpilot (https://www.trustpilot.com/review/movahedi.ca) (0 reviews, TrustScore 0.0, no rating claimed)

Those items are a header scan result, a profile listing, and a review page. They are not company certifications and they are not audits. No company certification or audit is claimed. See Question 8.

6. Who do I contact about security?

Contact mohammad@movahedi.ca for security questions, security documentation requests, and security issue reports.

No phone number, response time, or service level is stated in this page.

Evidence link: none published in this page set for this answer beyond this contact address.

7. Where are your documents?

The Trust Center documents in this set are:

- Security Questionnaire Answers (this page)
- Certificates
- FAQ

Third-party pages linked from this page are:

- Security Headers scan for movahedi.ca (https://securityheaders.com/?q=https://movahedi.ca&followRedirects=on)
- Movahedi Solutions on Clutch (https://clutch.co/profile/movahedi)
- Movahedi Solutions on Trustpilot (https://www.trustpilot.com/review/movahedi.ca)

No other document repository address is stated in this page. For a document that is not listed

here, use the request route in Question 12.

8. What certifications do you hold?

Company certifications: none held.

Explicit statement: no SOC 2, ISO 27001, ISO 42001, or other company certification is held.

Personal credentials of the founder, which are not company certifications:

- ISC2 Certified in Cybersecurity (CC)
- CIPP/C
- Six Sigma Black Belt

Those three items are personal credentials of the founder. They are not company certifications, and they must not be read as company certifications.

Evidence link: no verification link for these credentials is published in this page set.

9. Do you hold insurance or clearance?

No. No insurance is held and none is claimed. No clearance is held and none is claimed.

This statement is not softened. No insurance or clearance should be inferred from any other statement on this page.

Evidence link: none, because no insurance or clearance is held.

10. What subprocessors or tools do you use?

For the public site, the tool verified is:

- Cloudflare only. Location is not stated.

No other tool is listed for the public site in this page.

Engagement tools are agreed per engagement. No engagement tool list is pre-published here, because the tools depend on the engagement.

Evidence link: none published in this page set for this answer beyond this page. The website protection evidence in Question 4 names Cloudflare as the service for the public site.

11. Do you sell client data or use it to train models?

No. Client data is not sold. Client data is not used to train models.

Client information is used only for its engagement, as stated in Question 3. Client material is not publicly named without written permission. See the FAQ for the naming rule.

Evidence link: none published in this page set for this answer beyond this page.

12. How do I request a tailored questionnaire response?

Send your request to mohammad@movahedi.ca. In your request, name the questionnaire and state the deadline.

No response time is stated in this page. A tailored response is prepared on request through that contact route. This pre-filled page does not replace a tailored response to a buyer questionnaire.

What this page does not claim

This page does not claim:

- A company certification, including SOC 2, ISO 27001, or ISO 42001
- Insurance or clearance
- A penetration test, vulnerability assessment, or audit
- An encryption standard, retention period, uptime figure, service level, or residency statement
- A client, reference, testimonial, case study, or logo
- A tool for the public site other than Cloudflare, or a location for Cloudflare

If a buyer questionnaire asks for an item listed above, the honest pre-filled answer is that it is not held or not published here. For an engagement-specific question, use the request route in Question 12.
